AUTOMATED PROCUREMENT SOLUTIONS

With over 20 years of industrial vending experience, DGI Supply's Automated Procurement Solutions (APS) help improve your business through inventory management, vending solutions, e-commerce and more! DGI Supply can help ensure workers have access to the personal protective equipment (PPE) they need to safely do their job.

Our Services

On average, our customers save 20% on cost savings using our automated procurement solutions.

INVENTORY MANAGEMENT

Our inventory management systems enhance control and ensure availability. By using advanced technology, we track usage to cut costs and boost profits, offering a complete turnkey solution with software, setup, training, and expert support.

PROCESS & OPERATIONS IMPROVEMENT

Our process and operations improvement strategy enhances control, accountability, and tracking, leading to cost reductions and productivity gains by helping you identify and eliminate waste and non-value adding tasks in your business.

VENDING SOLUTIONS

With a large installation base of industrial supply vending machines and software in North America, we customize inventory management using AutoCrib equipment to meet your specific needs.

E-COMMERCE SOLUTIONS

DGI Supply offers a range of ecommerce solutions tailored to meet the needs of businesses looking to enhance their online presence and streamline their purchasing processes.

DISCOVER THE DIFFERENCE WITH THE DGI AUTOMATED PROCUREMENT SOLUTIONS PROGRAM!
